Why Choose St. James School? Parents give their reasons.

“Our children are taught by highly qualified teachers and learn in a Christ-centered atmosphere where they are surrounded by positive messages and daily prayer. One of the best things about St. James is that our children are taught to respect themselves and others, including their teachers. It’s especially important for them to learn that God loves them when they are faced with so many negative images in the outside world. The framework they are learning at St. James will be with them throughout their entire life.”
Jason & Nancy Murphy

“What we found were teachers who take the time to work closely with each and every child, to help them develop into the person they were designed to be. Saint James’ approach to discipline is a perfect blend of behavioral expectations, natural consequences, and compassion for the student. The classes are also preparing our children well academically. When we came to St. James one of our children had an Individual

Education Plan and had been tested extensively. He was not achieving grade level results in 4 subjects, and we were concerned he might fall even further behind. However, after a year at St. James, we had him retested and he is now performing at grade level in all subjects. We are very grateful that God led us to Saint James School.”

Thank you!!!
Anne Hobbs JD, PhD

Did You Know?: 98% of the St. James Parents attended Parent Teacher Conferences on Thursday, February 13, 2020. Our parent support is outstanding! Together with God and each other, we can do great things for our school children!

“A faith-based education is a blessing we are offered to help pave the way to a faith-based life. As our kids have graduated out of the Catholic school and into the public system for middle school and high school, it has been seamless. They are on target if not ahead of peers in the classroom. They make friends easily with their kind hearts. They are involved in activities with peers as they have been from the beginning, and they hang onto the relationships from St. James and look out for each other. They blend in yet stand out. They are confirmed in their faith!

We are grateful for the beautiful blessing of St. James and its staff and educators and for God’s answering our prayers and guiding us to this decision. Hopefully, if you are on the fence- you look up with folded hands and God will help you tip the scales. In the long haul of your children’s lives, you won’t regret it!! Many Blessings!” Peter and Carrie Clarke

If you are interested in a Catholic education for your child, please stop by school or contact Principal Sister Mary Alma at 402-826-2318.

Open Forum: Please mark your calendars and plan on attending the St. James Open Forum on Tuesday, March 3 at 7:00 pm. Babysitting is provided. In this meeting, everyone will have an opportunity to speak and to share ideas about the strengths, weaknesses, challenges, and opportunities of our school. We truly value what you have to say! Please come. Any adult interested in education and the future of St. James School is welcome!

John and Marlene Bals Award: If you have a child going into Kindergarten, you may apply for the John and Marlene Bals Scholarship needs-based award. Each year one child receives this fabulous award. This scholarship pays tuition through the child’s sixth grade graduating year. Please contact the office for an application form. (402) 826-2318

Good Shepherd and Sacred Heart Scholarship Awards: Apply now for the Diocesan Good Shepherd Scholarship award or the Sacred Heart Scholarship award sponsored by our parish. These scholarships are a tremendous help in tuition payment! Go to the St. James Website and look for the application on the front page. If you are desiring a Sacred Heart Scholarship, you must first apply through the Good Shepherd Scholarship application. If you need help with the application, please contact Sister Mary Alma at 402 826-2318.

In the Heart of the King,
Sister Mary Alma, C.K.
